- 16 Paint finishes (optional custom paint)
- Two-tone paint finishes optional

**10-Year
Warranty**

Target's Series 300 Patio Door System is a fine choice for your next remodeling project. The classic French door style complements a variety of architectural design schemes. Our doors are built to stand up against the elements with heavy duty "adjustable hinges", compression weatherstripping and airtight bottom sweep. Not to mention, the heavy 24-gauge steel resists warping, cracking and corrosion. The lockset is reinforced with lock support for added security and peace of mind.

Our doors come pre-hung for easy installation and are available prefinished in a variety of standard and custom paint colors. A sliding screen with adjustable rollers and strong extruded aluminum frame keeps out insects.

The Series 300 Patio Door System is available as a two-panel door in 5' or 6' widths, or as a three-panel door in 9' width.

FIBERGLASS PATIO DOORS

LIMITED
LIFETIME
WARRANTY

Our Premium Fiberglass Series 300 Patio Door System has the same features and benefits as Target's Fiberglass Entry Doors. Our fiberglass patio doors with exclusive Hydroshield Technology feature fiberglass reinforced door skins, full-length composite stiles and composite top & bottom rails to prevent water infiltration on all six sides. Full-length LVL on strike and hinge side prevent fiberglass doors from thermal bow or warping, guaranteed. Target's 100% Poly Fiber composite wood grain frame resists; moisture, rotting and insects, with twice the screw holding power of wood. The rigid Poly Fiber formulation provides durability, support and reliable strength. The Fiberglass Series 300 Patio Door System comes pre-hung with sliding screen installed. Prefinished patio systems include the doors, jambs, brickmould and window frames, inside and outside. Choose from 9 stain colors, 16 paint colors, two-tone combinations or custom paint and stain (optional) colors that provide years of lasting beauty.

Premium Fiberglass Series 300 Patio Door Systems are available with glass options: clear, Low - E, Internal Grids, Internal Mini - Blinds or Internal Mini-Blinds w/ Grids. As a two-panel door in 5' or 6' widths, or as a three-panel door in 9' width (see size chart over).
